

Internship A350XWB Cabin and Cargo Final Assembly Line Operations (m/f)

Airbus Toulouse

Reference Code :	10256001 CD EN EXT 1
Functional Area :	PROGRAMMES / Project Management
Interest Group :	Student
Contract Type / Working Time :	Internship / Full time
Start Date :	01.09.2014
Work Experience :	No work experience

Description of the job

Airbus (Toulouse) is looking for an intern for a 6-month internship.

The FAL Operations team is working in close contact with all transnational assembly lines and all Cabin and Cargo suppliers of the A350XWB to secure a successful Entry-into-Service, Industrialisation and ramp up.

Within the framework of Cabin and Cargo you will support the FAL Operations team in developing supplier performance and following-up milestone achievement.

This internship will start on September 1st 2014 (subject to some flexibility).

Tasks & accountabilities

Your responsibilities will include:

- Maintaining the FAL Operations Dashboard (following-up and releasing)
- Gathering Key Performance Indicators (KPIs) for Aircraft (A/C) production and monitor milestone achievement
- Following-up and tracking of (A/C) Status including Outstanding Work, Non Conformities and Design Queries in production lines with the help of existing tools
- Participating in Supplier Support Framework for FAL, Flight Test and Delivery
- Developing Supplier Support Performance
- Creating and updating Virtual control room
- Assisting the management team
- Providing assistance to technical solutions and following-up their implementation on the aircraft

Required skills

You are in the middle or end of your Master's degree or in the 4th year of an engineering school, specialising in Aeronautics and want to gather 6 month professional experience.

You have a very good knowledge of Excel and other standard office tools.

You have a technical background within aeronautics with experience in manufacturing or manufacturing processes.

You have a first experience in project management.

You are able to understand technical topics and identify critical points in a complex environment.

You are a good team player and have excellent interpersonal skills.

English: Negotiation Level

French: Intermediate Level

German would be an advantage

Contact Data
