

# INTERNATIONAL STUDENTS PROGRAMS

Welcome@TUHH

Artroom@TUHH

## Get started at Hamburg University of Technology!

The International Student Programs offer all incoming international students guidance and assistance at the beginning of their studies at the TUHH!

Our tutors are experienced TUHH students and will be glad to support you on your first steps in Hamburg and the university: They will assist you in paperwork, give you practical tips for organizing your studies and accompany you to various social and cultural activities.

During the semester you have the possibility to contact the tutors with questions concerning organization of your studies, course registration, learning materials and examination regulations. Just email us at: [welcome@tu-harburg.de](mailto:welcome@tu-harburg.de)
