After successful admission to the doctorate by the doctoral committee of the TUHH, your data will be reported to the Student Services with this data sheet. In accordance with the regulations of § 70 section 5 of the Hamburg Higher Education Act in the current version, you will be automatically enrolled as a doctoral candidate (not as a student!) and will receive a certificate of enrolment. This process can take 4 weeks after admission. The certificate will be sent to your supervising institute. It is only sent automatically for the 1st semester of admission. For subsequent semesters, please request the certificate by e-mail (study@tuhh.de).

Enrolment as a doctoral candidate is not associated with any student benefits. Enrolment as a doctoral student and thus student status is possible for a maximum of 8 semesters after admission, provided you do not have a monthly net income of more than 1.750 €. Please contact the Student Services at study@tuhh.de
