

STUDENT COUNSELING CENTER

*General Student Counseling
and Psychological Counseling*

The Student Counseling Center offers students information, orientation and advice on their studies. Students may refer to the Student Counseling Center in case of personal matters or problems as well as with study-related questions.

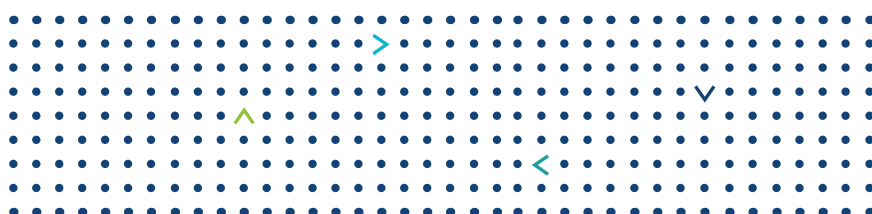

We offer customized study advisory sessions in the form of group or individual appointments and also provide psychological counseling. The individual counseling sessions are also available in English language.

The Student Counseling Center organizes a variety of large-scale study information events and provides a wide range of up-to-date information on studying at TUHH in the Infothek.

Furthermore, we offer StartING@TUHH, a tutor-supported program to help students settle in to their studies at TUHH and workshops to support students on their way to successful graduation.

Do contact us. We're here to help.
